MEET YOUR TRAINER

MICHELLE MIFSUD

Michelle has worked in the beauty industry for the past 12 years with the last 5 years mainly focusing on her cosmetic tattooing skills. Within those 12 years Michelle has gained a lot of knowledge about the skin and brows.

Michelle studied through Lana and was guided and mentored by Lana when she began working with her. She has watched Lana throughout the years and her work has evolved and improved over the time. She has also assisted Lana throughout the years in her Browcademy classes and marking the students' work submitted.

Michelle runs her Browcademy classes the exact same as Lana, Providing all the information the students need to become successful microblading artists.

WHY CHOOSE BROWCADEMY?

If you are trying to pursue a professional career or wanting to advance your education in the eyebrow microshading field this is it.

In our one day, Lana will be teaching and passing down all her signature tricks & tips that you can't read about! Lana will also be providing all students with complimentary extensive starter kits with all the Browcademy professional tools designed by Lana Tarek herself.

COURSE OVERVIEW

This course is a 2-day program that is divided into two parts. The first day of the course consists of a full day of theoretical learning, practice on sheets, and a live demonstration by Michelle. On the second day, which takes place three months after the first day, the program is a half-day session where each student brings their own model to practice on while being monitored by Michelle. We also provide ongoing support and monitoring of your progress through our online group forum.

We keep our classes small to allow Michelle one-on-one time with her students. Although it is advantageous, you don't need to be a beauty therapist to enter this course, however it is recommended you complete SHBBINF001 Maintain infection and control standards. You can obtain this online via e learning. In addition, you will need to take certain steps with your local council to practice Microshading which Michelle will run through on Day 1.

This is course is a private short course and non accredited.

CERTIFICATES

After the one day Introduction to Microshading course students receive a Certificate of Attendance. Our Certificate of Achievement by Lana Tarek is NOT issued at the end of the one day course. This Certificate is obtained when students have demonstrated satisfactory work for:

1. Perfecting the art of Microshading on practise sheets
2. Demonstrating symmetry when drawing an eyebrow shape on a live model.
3. Demonstrating the art of Microshading using the LT method on a live model.

Perfecting the skill takes a lot of practice and determination. This usually takes up to 3 months for students to demonstrate through constant practice.

Lana will be providing you with ongoing support for 9 months after your course online. We build a community of Browcademy students where you can ask Lana questions and send through photos of your work. Lana will guide you in this group and give you the feedback you need to proceed with clients when she feels you're ready.

The LT Group Support Pathway is open to Browcademy students only, and is offered free of charge through completion of your initial course with us.
